PRESS RELEASE

Environment Day Celebration 2024: POWR Building a "Jembatan Bahagia" for the Community of Pantai Bahagia Village

12 Juni 2024 - The United Nations Environment Programme (UNEP) has set "Land Restoration, Desertification, and Drought Resilience" as the theme for World Environment Day 2024. Land Restoration is a key pillar in the UN's Ecosystem Restoration program for 2021-2030. This program is part of the UN's efforts to enhance the protection and revival of ecosystems worldwide.

In Indonesia, the Environmental Agency (BLH) has also set the theme "Solving the Climate Crisis with Innovation and Justice Principles" for the World Environment Day 2024 celebration.

Starting the World Environment Day 2024 celebrations on June 5, 2024, PT Cikarang Listrindo Tbk (POWR), in collaboration with the Pantai Bahagia Village Government, Muara Gembong Sub-district Government, Bekasi Regency, and community leaders, altogether organized the community and environmental activities in one of the Company's fostered villages, Pantai Bahagia Village, Muara Gembong, Bekasi. This activity represents the Company's active participation in inspiring the transformation to create a more sustainable world.

The Company shared knowledge with the community at the Bahagia Berkarya Group (KEBAYA) Hall, Pantai Bahagia Village, Muara Gembong, Bekasi, on the hazardous waste management, emission reduction, and water efficiency, delivered by the Company's employees. The aim of delivering these three aspects is for the community to implement them in their daily lives as the front line in restoring the land in Pantai Bahagia Village. Currently, Pantai Bahagia Village is part of the land transforming back from commodity pond areas to mangrove conservation areas and marine tourism sites.

Since 2018, PT Cikarang Listrindo Tbk has gradually and sustainably planted 10,000 mangroves until the end of May 2024. Going forward, the Company is committed to planting at least 5,000 mangrove trees annually.

PRESS RELEASE

In addition to sharing knowledge with the community of Pantai Bahagia Village, the Company, represented by Mr. Jannes M. Sirait from the management, along with Mrs. Nur Aggraini representing the Pantai Bahagia Village Government and Mrs. Alpiah, founder of KEBAYA, handed over and inaugurated the 'Jembatan Bahagia' to support the development of marine tourism in Pantai Bahagia Village. This bridge will become one of the first educational tourism destinations and is expected to create a new history in supporting the community's economy and increasing the income of the people in Pantai Bahagia Village.

The Company, through its Social and Environmental Responsibility (TJSL) program, is implementing solutions to the climate crisis with innovation and justice principles for the foster villages both in conservation and non-conservation areas around the Company's operational areas in Jababeka, MM-2100, and Babelan. This climate crisis innovation is also reflected in the Company's operational activities with a commitment to reducing Greenhouse Gas (GHG) emissions by 10% by 2025, 20% by 2030, and achieving net zero by 2060.

The Company's tangible contribution to reducing carbon emissions has been appreciated by the Bumi Global Karbon (BGK) Foundation in collaboration with the Investor Trust for "Best Corporate Transparency and Emission Reduction 2024" award on May 29, 2024, held at Hotel Aryaduta, Menteng, Central Jakarta. PT Cikarang Listrindo Tbk received two awards: Green Elite for Corporate Emission Reduction Transparency and Platinum Plus for Emission Calculation Transparency.

About Cikarang Listrindo

Cikarang Listrindo is the first private electricity company listed on the Indonesia Stock Exchange since 2016. The Company is also the longest-operating private electricity company in Indonesia, having been in operation for over three decades since 1993. The Company consistently provides the best and high-quality services to customers and creates added value for all stakeholders.

This is evidenced by the various awards received in 2024, such as the "Indonesia Best Companies in HSE Implementation 2024 with Very Good predicate" from SWA; "Program Bersatu Sigap Bencana (BEGANA) with Silver category" from the Indonesian Social Sustainability Forum; "Corporate Emission Reduction Transparency with Green Elite predicate" and "Emission Calculation Transparency with Platinum Plus predicate" from the Bumi Global Karbon (BGK) Foundation and Investor Trust.
